

String Audition Guidance

Hello, lovely string player,

If you are reading this, you are clearly interested in making the best choice of the year and joining our wonderful orchestra. Just like most other orchestras, everyone will have to audition before being able to join (yes, even committee members and previous members). However, this year is different. Due to certain restrictions, we are having to change how the auditions are carried out. Where we would normally sit as a panel and talk with you while you play for us, this year, you simply have to send us a short video or audio sample of yourself playing an excerpt that we will give you, along with an excerpt of your choice (it doesn't have to be anything too fancy or stressful. We just want to see how you play).

Good luck!

Anna Morrison and Jack Lamb - String Managers
